Solving Problems

Our Service:

Vendor-Independent Technology Consulting

How we can support you:

We work with you to determine the best solutions for your specific needs, maximizing the value of your technology investments.

Our Service:

Long-term Technology Planning & Forecasting

How we can support you:

Like the rest of your business, IT needs a plan. WKMR can help you develop an IT strategy for your business, helping to budget expenditures and plan upgrades.

Our Service:

Backup Testing & Verification

How we can support you:

Data backups are one of the most overlooked IT processes. Are you backing up the right things? Have you tested your backups with a real restore? Without a functioning backup when you need it, your business could be at serious risk.

Finding Answers

Our Service:

Disaster Recovery Planning

How we can support you:

The best time to plan for the unexpected is before it happens. We will help you focus on what's important so that you are prepared for the worst.

Our Service:

Corporate and Mobile Email

How we can support you:

From spam control to content filtering to Blackberry devices, WKMR will help you make the most of your email, in the office and on the road.

Our Service:

Internet Content Filtering & Security

How we can support you:

The internet has become an important tool for business, but it also carries risks. We will help you keep your network secure and your employees productive when using the web.

Our Service:

Remote Access Solutions

How we can support you:

The modern office is not always "in the office." We can help you stay productive outside the office - work when and where you need to.

Supporting You

Our Service:

Local and Wide Area Networking

How we can support you:

Our expertise will help you connect all your technology assets - from one network in one building, to connecting your main office with your remote sales offices, we have the know-how to make it all work.

Our Service:

Desktop Support

How we can support you:

The desktop computer can be a great productivity tool, but spyware, viruses and other "malware" can hurt performance. We provide anti-virus and anti-spyware solutions to help keep your computers running smoothly and your employees productive.

Our Service:

License Compliance Assessment

How we can support you:

Keeping track of software licenses can be difficult. WKMR will help you ensure you have the correct licensing to meet your needs and stay legal.
